

GAS GAS USA ANNOUNCEMENT

We are proud to announce that GAS GAS USA, INC. is the new importer of the GAS GAS Enduro/MX line of Motorcycles and Quads. For more than 18 years, GAS GAS USA, INC. has imported and distributed the Trials line and will now be the sole US importer of the complete line of GAS GAS motorcycles.

GoFasters, a company from Ortonville, MN, will be the parts distributor for the Enduro/MX Motorcycles and Quads. In addition, they will provide technical, warranty and racing support in their role as a partner company with GAS GAS USA, INC. They are very involved in Enduro/MX and Cross Country competition and have been supporting the GAS GAS official factory team in World Enduro Championship (WEC) rounds in North America.

RISING SUN IMPORTS, who has partnered with GAS GAS USA, INC. for more than 18 years with parts distribution, warranties and technical support for the Trials line, will continue in this very important role. They are recognized around the world as one of the best experts and sources of GAS GAS Trials parts and technical information.

We, together with our dealer network, will continue to expand GAS GAS recognition and support for our customers and riders by offering top quality products, along with professional and efficient service and parts.
